

EZ-STAKZ

EZSTAKZ secure EZFLOW drain pipes to the soil allowing minimal backfill and maximum water intake.

KEY BENEFITS

- Constructed of 3/8" U-Shaped rebar, EZSTAKZ conform perfectly to the outside diameter of 7" EZFLOW drain tile.
- Rebar ridges bind to soil for maximum hold.

** Recommended installation is every 2' on center. One bundle of (24) stakes will secure (1) bundle of EZFLOW (90'). With a 15" overall length, EZSTAKZ extend 8" below EZFLOW drain tile.*
