

HIGH CAPACITY DEHUMIDIFIERS

MAKE YOUR HOME **MORE
COMFORTABLE AND
ENERGY-EFFICIENT**

PREVENT MOLD GROWTH *AND HIGH BILLS*

Humid air creates problems. Damp air results in mold, higher energy bills, rotting wood, and unhealthy air quality. If thick enough, humidity in your home can warp furniture or create sagging floors. Aprilaire dehumidifiers remove the right amount of moisture from every room in your home, until your ideal humidity level has been reached.

BREATHE HEALTHY *AIR IN YOUR HOME*

Aprilaire™ dehumidifiers are versatile in their application. These products are built in the USA with quality anti-corrosion components that are low-maintenance and made to last. Most importantly, they offer peace of mind that the air your family breathes is safe no matter where you are in your home.
