

A SIMPLE, ONE-STEP ALTERNATIVE TO TRADITIONAL "PIPE & GRAVEL" DRAIN SYSTEMS!

EZflow™

A prefabricated trench drain that is perfect for **CRAWL SPACES** with standing water.

Can cut installation time by **MORE THAN HALF!**

Compared to messy, pipe & gravel installations.

Combines the pipe, aggregate and mesh **in one product.**

Uniquely designed with "flow channels" for **improved water flow rates.**

Convenient installation - **no heavy gravel needed!**

Highly **reliable** and **durable/crushproof.**

Quickly gathers and channels storm water run-off.

EZFLOW IS IDEAL FOR:

- Crawl Space and Interior Basement Drainage
- Exterior Foundation Drains
- Landscape "French Drains"
- Retaining Wall Drainage

and more!
